Dear Mr Martin:

On behalf of the Board of Directors, I would like to thank you and Elsinore-Murrieta-Anza RCD (EMA RCD) for the opportunity to partner and provide irrigation water management assistance for the Rancho California Water District's (RCWD) water conservation program.

There have been a number of extensions on this program that were not initially anticipated and going forward Riverside-Corona RCD will not be in a position to provide the level of assistance needed by EMA RCD because of other IWM program commitments. We would be more than happy to provide you with the names of other qualified individuals that may be provide the assistance needed to keep your IWM program viable and will provide those upon request.

The water conservation program has been a great opportunity for EMA RCD to partner with RCWD and we wish you continued success on your IWM endeavors going forward.

Please let us know if we can be of any further assistance.

SUBJECT: Financial Transactions Reporting Changes for 2015-16 Reporting Year

Dear District Fiscal Officer,

This letter is to inform you of two recent legislative changes related to the State Controller's Office (SCO) annual Financial Transactions Reporting. These changes, detailed below, are effective with the 2015-16 reporting year.

Parcel Tax Reporting

The addition of Government Code (GC) section 12463.2 (chapter 781, statutes of 2014) requires local government agencies (counties, cities, and special districts) to report information relating to the imposition of each locally assessed parcel tax. Please visit www.sco.ca.gov/16437.html for more information regarding the reporting of parcel taxes, and note the following important points:

- Parcel taxes should be reported on the SCO annual Financial Transactions Report (FTR).
- The levying entity is responsible for reporting to the SCO.
- Parcel tax reporting is statistical-based and is separate from the revenue section of the FTR.

Change in due date

Assembly Bill 341 amends GC section 53891 affecting the FTR and Government Compensation in California Report (GCC) due dates.

FTR

- Each local agency must submit its FTR to the SCO within seven months after the close of each fiscal year.
- The report shall contain underlying data from audited financial statements, prepared in accordance with generally accepted accounting principles, if this data is available.
